

Efficient Software, Exceptional Service...

AUSVANTAGE - AT A GLANCE

An end to end ERP solution- AusVantage is an integrated Business Management System catering for Accounting, Supply chain, Manufacturing, Ecommerce, Payroll, Hire, Service Management, CRM and E-Commerce functions. AusVantage enables organisations to make accurate & informed decisions to enhance business process productivity & profitability.

Financial Management – the backbone of AusVantage, providing an integrated suite of accounting modules designed for Australian business conditions. Increasing work task efficiency and accuracy of reporting in General ledger, payables, receivables, assets and payroll. Full support for multiple currencies, companies, divisions profit centres and reporting levels for easy consolidation of financials. Featuring full drill down capability and integrated Business Intelligence suite with no need for 3rd party analysis tools.

Supply Chain Management - The sharp end of AusVantage improves customer service levels, streamlining operational processes such as importing, exporting, distribution, warehouse and manufacturing functions. Versatile sales order processing, advanced inventory management, automated importing functions and flexible warehousing management tools will drive your productivity. Technology additions such as dashboard/ reporting to monitor your replenishment & demand planning. Mobility integration with PDA - order management & radio frequency / wireless scan pack for warehouse operations.

AusVantage CRM - Our Customer Relationship Management System. Provides a consistent view of information across the enterprise, it is a fully featured CRM system enabling all contacts to be recorded and actions to be triggered for relevant lead process. Also campaign driven- with Microsoft Word, email & fax integration for direct mail or e-marketing use.

AusVantage Business Intelligence - Create Reports & Charts with our comprehensive Intelligence tools. Business users can perform queries, create reports, track business performance, analyse data, and share conclusions with others. Our reports include managed, ad-hoc reports, and transactional, operational, production, and statement- style reports. With additional tools such spooler viewer, cube designer and dashboards you can create insightful and in-depth reports & charts that improve forecasting & responsiveness to market trends.

TESTIMONIALS

"We have a fairly dynamic operation, with over 23,000 product lines and in excess of 500 orders a day and until recently, a headache of a whole lot of paperwork. The difference has been that Uniware's bar-coding has enabled us to make a quantum leap to a paperless system"

Brian Oakley (Managing Director) - Lyppard Australia

"The software is great. It satisfies all our accounting, warehousing, sales and supply chain requirements. Uniware have the best people and brilliant support. I have peace of mind knowing that we chose the right partner"

Geoff Tamplin (Managing Director) - FC Walker and Sons Pty Ltd.

"Fantastic software solutions for the many requirements of our Engineering, Spare parts and Service business. Uniware are a great company, flexible and responsive with good people"

Glenn Gardiner (CFO) - Southern States Thermo King
